Electronic Fan Controller v3

- **Brand: Bosphorus Innovations**
- 100% domestic production is Turkish property.
- Gives a warning light when it starts to work, you can adjust it at any time
- 16-bit microprocessor controlled and equipped with state-of-the-art digital hardware.
- Electronic circuit with SMD technology.
- Installation is done by retro-fit method.
- Using high speed single chip microcomputer, precise intelligent control.
- Three windows (start - Real-time - stop), LED display, output status indicator, temperature control random.
- Automatically determine the heating and cooling mode according to the set temperature.
- Wide Range -9 ~ 99 °C.
- 2 year warrant

Product description

- Temperature range: -9 ~ 99 °C
- Temperature measurement accuracy: 1 °C
- Control accuracy: 1 °C Range: -9 ~ 99 °C
- Refresh rate: 0.5S
- Input power: DC12V / 24V
- Measuring input: NTC (3950-10K 1%) waterproof sensor
- Output: relay output, capacity 12V 10A
- Environmental requirements: -10 ~ 60 °C
- Humidity 20% to 85%
- Weight: 49g / 1.7 oz
- Size: 79 * 52 * 25 mm / 3.08 * 2.02 * 0.97 in(L * W * H)

Settings: Lights, digital control, key state Description:

1. Start indicator: **START (red)** indicator light, said the relay is closed, the machine starts to work.
2. Stop indicator: **STOP (green)** indicates the relay off, the device stops working. Digital: middle red LED display current temperature detected, the left green LED to set the start temperature, the green LED on the right to set the stop temperature.

Display:

1. LL is the sensor open.
2. HH is out of range, the thermostat will be forced to close the relay.

3. --- as high temperature protection.
4. Indicator: Off The relay is switched off, Always indicate the relay is closed.

Note: Relay output interface is a switch, when it working, these two ports are connected. If not work, these two ports are not connected.

Included:

1. Electronic Controller
2. Temperature Sensor with 1 ft pigtail cable
3. 1 meter/3.3 ft cable
4. Instruction Manuel

We Have Combined Order Discount %20

PAYMENT POLICY

- We prefer payment by **PayPal**, if you want to send the payment with other method, please e-mail us.

SHIPPING POLICY

- **Fast shipping within 24 hours** after your payment is cleared.
- All items will be shipped from Istanbul, Turkey.
- Our standard carrier is **PTT REGISTERED AIR MAIL** for all International orders; however, we may ship through other carriers at our own discretion.
- Combined shipping is available.
- The item will be sent to your PayPal address. Please make sure your PayPal address is correct.
- If you would like, other shipping methods are available for an additional charge, please contact us.
- All items are inspected for damage or defects prior to leaving our warehouse. Contact us immediately if shipping damage is discovered.

RETURNS POLICY

- Returns are accepted for this listing.
- We do our best to offer you great quality about every item we sell. Every product will be strictly retested before shipping. We accept this item back if they are returned in the same package and same condition as you get it within 14 days after item delivered to your location.
- Please contact us with any questions or concerns before leaving a neutral or negative feedback. We are committed to resolve issues based on eBay rules and our auction policy.
- Buyers are responsible for all exchange/return shipping and insurance costs.
